1

Station Chepauk, Madras, Dated the 21st March 1938.

From (Name) C.C. Wilson Esq., I.F.S.,

(Designation) Chief Conservator of Forests.

To The Secretary to the Government of Madras,

DEVELOPMENT Department.

Sir,

(F)

With reference to G.O.No.1054 Mis., Development Department dated 31-8-1933, I submit the following report on the special forest concessions allowed in the South Kanara District for 1937.

Mangalore North Division. Out of 75, reserves in which the concessions were enjoyed, they were abused to a small extent only in 33 reserves. There has been improvement in the conduct of the villagers and it has been especially brought to their notice that abuse of the concessions will result

in their withdrawal. I do not recommend withdrawal of the concessions in any of the reserves on the ground of abuse during the past year.

Mangalore South Division.

In this division out of 54 reserves in which the concessions were enjoyed, they were much abused in 23 reserves. The abuse consisted in cutting timber trees for fuel and cutting branches of trees for manure leaf. This type of damage was commonest in Kalanjimala, Muliya and Karadka reserves even though the inhabitants had been warned. The District Forest Officer now proposes to hold a meeting of the villagers and endeavour to get them to realise the results of damaging the forests and abusing their privileges. Until the result of this District Forest Officer's personal efforts are seen no reserves need be closed to the concessions on account of abuse.

I enclose a list of coupes which have to be closed to the concessions on Silvicultural grounds. Some of the coupes closed in previous years to the concessions on silvicultural grounds will be opened during the current year, according to the prescription of the Working Plans.

C. S. M. 73

for Chief Conservator.
